

# UCB robbed at gunpoint

## Thief forces employee to help with escape

A man with a story of desperation walked away with a substantial amount of cash at United Citizens Bank Monday evening after holding two bank employees at gunpoint and forcing one to leave the bank with him.

The thief, wearing blue jeans, a plaid jacket and camouflage hunting cap, entered the UCB branch at 1582 Campbellsville Rd. at 3:13 p.m. Monday and asked a teller to speak to a loan officer.

He went into the office of loan officer and branch manager Mike Curry then removed a semi-automatic pistol, held it in his hand as he laid it on the desk pointing at Curry, then told Curry he wanted a specific amount of cash. Police would not disclose the amount of cash the man demanded or the amount he got away with.

"He said, 'I hate to do this but I need (a certain amount of cash),' Curry said the

## Employee prays for robber

When an armed bank robber hit United Citizens Bank Monday he was probably surprised to find himself holding a gun on two bank employees who cared about his problems and his soul.

Bank employee Mike Curry said the thief said he hated to do it but was robbing the bank because he needed the money for his family.

"He was very apologetic," Curry said. Curry tried to talk the man out of his plans but was not successful.

Bank employee Jean Corbin was called into Curry's office and told what was going on. The robber planned for Corbin to retrieve the money while he held his gun on Curry.

Corbin also tried to convince the man to not follow through with the robbery.

"She said, 'You don't need to do this. God can help you through your problems,'" Curry recalls.

Corbin and Curry are now laughing about the first words Corbin said when she realized what the man was planning.

"It was just the first thing out of my mouth—'You know you are going to hell for this?'" she

"He said, 'Yes ma'am that's all good but I don't have anything to live for and I need this money.'"

Bank employee Jean Corbin

told him.

Curry laughed while sharing the story the day following the robbery and added, "When she said that he had a gun pointed at me!"

Corbin was being very serious during her conversation with the robber, however, telling him God would help him and he didn't have to

## School test scores embargoed

K-Prep testing scores have been released to the local school district but will not be available to the public until November.

Adair County High School principal Troy Young said at the site based council meeting on Monday that the test scores are embargoed by the state until November. The embargo time period gives school districts the chance to spot any discrepancies in the scores, he said.

In a press release, Adair County School District Superintendent Alan Reed said the public should be prepared for a big change in numbers compared to last year and statewide numbers will show a marked decline.

The K-Prep testing is based on a 100-point scale whereas testing from the previous year was based on a 140 point scale.

"The new scores will range from 0 to 100 and will look more like a

grade average we are all more used to," Reed said. "It think it will make more sense to the public and to parents as our teachers and principals attempt to explain school performance to their shareholders."

Along with the reported test scores, each school will be ranked as distinguished, proficient or needs improvement. Principals in the school district met last week to reviews the scores. Young said he would be able to discuss the scores with faculty and staff, but the public wouldn't be able to view the scores until the embargo has been lifted.

According to Reed, Commissioner of Education Terry Holliday is explaining that the lower scores will be legitimate. However, the Commissioner is saying that schools will need to make greater and faster progress over time.

## Sheriff's dept. to open on next two Saturdays

The Adair County Sheriff's Department will be open for the next two Saturdays to collect taxes. The sheriff's office will be open Saturday, Oct. 20 and Saturday, Oct. 27 from 8 a.m. to noon. There will be a two percent discount through Wednesday, Oct. 31.

## JIM HADLEY

Candidate for City Council

I am Jim E. Hadley and I am a candidate for city council. I am married to Jannifer Smith Hadley. We

have five children: Lisa, Bethany, Trent, Jacob, and Hunter Hadley. I am a graduate of Russell County High School and served in the U.S.A.F. in the law enforcement field where I graduated from the U.S.A.F. Law Enforcement Academy as an Honor Graduate. For the past 26 years I have been involved in the marine manufacturing industry manufacturing houseboats, River Yachts, and other marine related vessels. I am the majority stockholder of Majestic Yachts, Inc. where I have served as President/CEO for the past 11 years.

I currently serve on the Lake Cumberland Area

Development District as a member of the work force investment board, local Economic Development Authority, and the Adair County Work Ready Committee as a sitting City Council member. I am also a member of the Russell Masonic Lodge #284 and an active member of the Mark Twain Shrine Club where we work very hard to raise monies for the Kosair Charities.

My extensive experience in the private sector of business has allowed me to gain the necessary knowledge to manage budgets, employees, and work with customers. My experience has also taught me the people skills

that are much needed in a political office. The past two years as a City Councilman has given me a lot of exposure/experience dealing with our city budget in what is probably one of the worst times in our country's history.

If re-elected, I will continue to listen to the wants and concerns from the fine citizens of Columbia to whom I serve. My main priority is for the citizens of Columbia to have the "Best Quality Of Life" possible.

On November 6, 2012, please vote for Jim E. Hadley, City Council.

## ROBERT FLOWERS

Candidate for City Council

My name is Robert Flowers and I am running for city council. I have lived in Columbia all my life. I went to school at Lindsey Wilson and Western Kentucky University. I have an accounting degree. My career has been in automobile, insurance, and for the

past 28 years I have served as president and CEO of the Bank of Columbia. I have been married to the former Mikki Marshall for 40 years. We have two children: Lynn Spencer and her husband Chad live in Bowling Green and Ann Gosser and her husband Jeremy live in Illinois. We have three grandchildren.

I have been on the council for the last two years. It has been progressive but with small towns we have to work with limited revenue. My main priorities are working to make the gas department profitable and the beautification project. We have cleaned up the city and made improvements such as the sidewalk project on the square and the joint venture for the former Christian Life Center. I have a lot of respect for the

gas department. The gas department has replaced old lines that have been there since the 1950s. My goal is to continue progressing. I am pleased with the things that are going on downtown. We do what we can to increase revenue and decrease our expenses.

I am running for re-election because I believe with my experiences with the city and in business, I am as good as any other person on the council. I have served on many boards such as the old utilities commission and the joint city-county water district.

I love Columbia. I have been working for the public since I graduated high school. I look forward to serving the city of Columbia for another two years.

## LINDA WAGGENER

Candidate for City Council

I am running for re-election to the City Council because I love Columbia, I love Adair County, I love the state of Kentucky and am deeply proud to be an American.

I feel called to continue working for honest, transparent government and to work hard listening to Columbians and bringing their needs to the table to help us stay on that path. Beyond that, I am determined that the city will stay within its budget and respect the citizens' money with every decision.

Many things I've called for are coming true for Columbia: our gas department has been evaluated and is on track to become a serious income-producing property for the city; we are seeing more green space and improved parks and recreation; our police force is strong; and we're working together to make sure that no special called meetings are held before citizens have the opportunity to get off work and attend, protecting the intent of the Sunshine Law. I encourage involvement by every citizen - come to meetings, run for office, volunteer!

There is much to do. I have asked our mayor to consider holding open town meetings so that everyone has a voice in outlining what we want for Columbia in the years ahead, and a time to suggest ideas to get us there.

I'm excited about our future - the next Bill Gates may be sitting in a classroom at John Adair Intermediate School as we speak. I hope to have the opportunity to hear from him or her about what their city can do to support and help students launch into an incredible future.

The only time in my life I've ever been a perfect '10' is now, being at the very bottom of the list of 10 candidates on the ballot for the 2012 Columbia City Council election - boy, I hope that's a good thing!!

I have had a lifetime career in the field of communications and am presently employed by Campbellsville University as marketing and media relations coordinator.

I am married to Ed Waggener. We have two sons, Pen and Tom, both married and living in Shelbyville and we have four grandchildren.

# BRIAN WRIGHT

## CANDIDATE FOR 29TH JUDICIAL CIRCUIT JUDGE

### Honesty • Justice Experience • Fairness

My name is Brian Wright and I am a candidate for Circuit Judge for the 29th Judicial Circuit, which serves Adair and Casey Counties.

After graduating from the University of Kentucky College of Law in 1998, I joined attorney Tom Weddle in his law practice in Liberty and practiced law with him until 2002. I also served as city attorney for Liberty for approximately three years.

Having served as Commonwealth's Attorney for over 10 years and having been involved with the Kentucky Court System for 14 years has given me great insight as to how the Kentucky Judicial System works. I feel this experience has enhanced my ability to serve as your Circuit Judge.

My wife, Nikki, sons Coleman (8) and Brady (5) and I attend the Creston Missionary Baptist Church, along with my parents, Ronald and Pauline Wright, where I have attended church all my life.

I have tried a large number of cases involving a wide variety of legal issues. The experience of having conducted jury trials as an attorney gives an individual extremely valuable experience to prepare him/her to become a judge. I believe that my experience as an attorney, along with my faith, values, and principles, gives me the knowledge and ability to best serve as Circuit Judge for the 29th Judicial Circuit.

### Experience In Civil Law:

- Private practice in Liberty from 1998-2002.
- Civil practice included real estate issues, preparing wills and trusts, representing individuals in divorce proceedings, civil litigation and representation of small businesses.

### Experience In Criminal Law:

- Commonwealth's Attorney for Adair and Casey Counties for more than 10 years.
- Prosecuted approximately 3,000 felony cases.
- Conducted more than 100 jury trials in circuit court.
- Appeared in numerous circuit courts throughout south central Kentucky

## A Word

Allison Cross

### The power of positive thinking

The man upstairs and I have had a lot of conversations lately. Recent events have instigated some major lifestyle changes and I have looked towards Him for guidance.

In response, my life has included one major theme: Optimism. Never underestimate the power of positive thinking. Whenever you have a problem, it's easy to be pessimistic and sometimes even give up.

I have had the opportunity to be pessimistic about life in the past couple of months but I have chosen not to. In turn, aspects of my life have been positive despite obstacles.

When someone develops a positive attitude, it is also easier to notice those who do not. When you're in a room full of people who are thinking negatively, the atmosphere in the room morphs into an unfriendly place.

When you're in a room full of people who are thinking positively, it's like a breath of fresh air.

For example, I know a young

girl who has recently been dealt a pretty bad hand in life. Despite the obstacles in her life, she is trying her best to react to situations in a positive way. Her consistent positive thinking has turned what could be a difficult situation into something constructive in her life.

Another example is the situation of Lane Goodwin from Beech Grove. What started out as a simple "thumbs up" to a child who is dealing with sickness has turned into support from across the country.

Winston Churchill once said, "A pessimist sees the difficulty in ever opportunity; an optimist sees the opportunity in every difficulty."

Success in life, business and any situation can be achieved in some way by taking opportunities instead of focusing on all of the ways it could go wrong.

I see a lot of pessimism every time an election comes around as well. I am guilty of it. As a journalist, I see a lot of aspects regarding politics and sometimes it can be discouraging.

Some people also believe their vote doesn't matter and it will not make a difference if they vote or not. Although it seems as if one vote is a drop in the bucket compared to the big picture, that one vote could make a difference.

Over the past year, the community has gotten involved in issues regarding the city and county government, local hospital and the school district. It's uplifting to see the community getting involved.

An organization, itself, cannot stand alone. It needs community support. It's also important for members of the community to educate themselves on the issues.

It's always important to remember to think positively when dealing with issues. When a community has to deal with situations such as the local hospital or low test scores in the school district, it's important to think positively and take opportunities to fix the problems instead of focusing on the negative.

## Buzz Around Town

By Mindy Yarberry

Last weekend Mom, Cy, Macy and I went to my grandmother's campground in Illinois to help work their haunted house they built for the general public. If I wasn't working inside the haunted house being a hillbilly zombie I don't think I could walk through it without being frightened. We had a blast scaring people. The public seemed to really enjoy getting a little adrenaline rush. There is nothing like spending quality time with my family and watching people get scared at the same time! I asked these four Adair County citizens this question, "Do you go to haunted houses?"

Derek Padgett

"They are alright. I thought about going to Haunted Holler."

Emily Irvin

"I enjly going to haunted houses. They are exciting."

Joe McKinley

"I have been to two this year."

Tarrah Dean

"I have only been to one haunted house ever!"

**JUNE PARSON**

Candidate for City Council

I’m June Parson and I am running for the office of Columbia City Council. I am married to Bill “Dokie” Parson. We have five children: Kim, Todd and Patrick Parson and Shane and Jason Hawkins. We have five grandchildren. I am a local business owner, operating Central Bookkeeping Services, Inc.

for the past 25 years. Most of my adult life, I have been involved in public service. I served as President of the Columbia/Adair County Chamber of Commerce for four years and during that time I started and chaired for six years of the annual Chamber of Commerce Christmas in Columbia. I organized and chaired for eight years the American Cancer Society’s Relay for Life in Adair County. I have served on the City Cemetery Board of Directors, City of Columbia Ethics Board, City of Columbia Planning and Zoning Commission, Columbia Utilities Commission and the Columbia/Adair County Joint Commission. My family and I attend Trinity United Methodist Church where I currently serve as financial secretary and vice-chair of the

**TONY GRIDER**

Candidate for City Council

My name is Anthony “Tony” Grider. I am running for re-election in the race for city council. I am married to Gena Grider and we have five children. I was born and raised in Adair County, graduated ACHS and attended LWC for general studies before transferring to U of L. I currently am employed full time by the City of Campbellsville working as a Firefighter/Paramedic for the city fire department. Working part time at Adair, Green, and Taylor Co. EMS. I serve on the board of directors for the Parks and Recreations, Adair SAR, and work with various other civic groups throughout city and county. During the past two years on the city council, I feel we have made great strides in

making improvements to some safety concerns on the square and throughout the city. We are striving to make conservative changes to better serve the citizens in which we serve. We are continuing to work together with county government and other groups to move Columbia and Adair County forward through some tough economic and hard times for all. I feel that, by working for the public in my career, I have a better insight into the daily operations of local government that is crucial in understanding what it takes to move this community forward. I will continue to listen and bring forward the questions my constituents feel that are important enough to them that they need to be heard. I feel that in order for us to continue to be able to give the citizens the service that they need and deserve we, as city council members, need to be vigilant in our dedication, loyalty and service to Columbia’s future. We need to be open to opinions, suggestions, ideas, and other opportunities that will better serve the community as a whole. I will continue to bring an unbiased look to our city government.

administrative board. My job priorities will continue to be the following: **Jobs** – I will work hard to see that the city’s incentives are used to create/sustain jobs wherever feasible. **Accountability and Transparency in Government** - I will continue to ask the tough questions, push for answers and as always do my own research so that I can make informed decisions for the citizens of Columbia. **Services** – I will continue to work expanding and improving services to the citizens through whatever avenues may be available. I am running for office because I care about this community and feel that I can have a positive impact by being the one who is willing to ask the tough questions and has been seen in the past as the one

that is willing to vote “no” when we continue to spend beyond our means. As far as making changes, as one of the six members of the governing body no one person can make changes. However, you can present you individual ideas and the public’s concerns to the legislative body, ask questions so that more information becomes available to the council and to the public and a majority vote could implement those changes. If re-elected I will continue to work hard, become as informed about the issues we are acting on as possible and make the best decision I can with the information available to me. As always your input is very important and I encourage you to contact me with your questions and concerns.

**CHARLES GRIMSLEY**

Candidate for City Council

My name is Charles Grimsley, running for City Council. My parents are Ples and Myrtle Grimsley. My father started Grimsley’s Jewelry on the Square 60 years ago this year. I have a twin sister, Charlotte, an older sister Mary Ann. My niece is Maderia and nephew is Michael. We are all members of the Columbia Baptist Church. I attended Lindsey Wilson College, studied architecture at the University of Ky., and civil engineering and graduated with a degree in Industrial Technology from Western. I have worked in the jewelry business for 49 years and

took over the family business in 1985. I have been in the Jaycees since 1978 and volunteered in many programs for 35 years such as the Bicentennial, Christmas in Columbia, Adair County Fair, Chamber of Commerce, Columbia Adair County Parks and Recreation. I have served in the past for 12 years on the City Council and previously on the Zoning Board and Ethics Board as well as in many other organizations. I would like to work on balancing the budget, working on a downtown revitalization program, programs for the youth, improving and expanding our park system. Experience and training mean a great deal in working with government. When I was in college, I decided to bring back to Columbia any knowledge that I gained to improve our way of living. Also being in business all these years shows that the same economic concepts need to apply to our government. I want to work as in the past on tourism projects and its positive economic impact on our economy, downtown development, and on anything that improves our quality of life.

### THE QUESTIONS

The Community Voice gave each local candidate the opportunity to get their message out to readers before the Nov. 6 general election. Each candidate was asked the following questions in a candidate survey:

1. Background Information: Provide your name, as it will be written on the ballot, and the office for which you are running. Tell us about your family, education, career or other personal information you believe is pertinent to your candidacy.
2. If you are elected, what do you expect to accomplish? What are your main priorities?
3. Describe why you think you are the best candidate for the job, why you are running for office and what changes you expect to make in the office should you be elected?

The candidates for city council are featured in this week’s issue.

# Family loses home in fire, Red Cross asks for donations

The family of Jeff and Pam Meyer lost their home in a fire last week. To donate items to the family, drop off items at the judge’s office at the Adair County courthouse annex building.

## Animal shelter holds open house

The Green River Animal Shelter held an open house on Saturday. Above, Alissa Dowell, 5, and Anyka McFarland, 13 months, went through the shelter and looked at the various animals. The shelter includes large and small cats and dogs, right. The shelter is asking for donations of quilts for the winter time. To donate, call 385-9655.

A family on Hughes Road lost all of their belongings and their home in a fire last week and the local Red Cross chapter is asking for donations.

The home of Jeff and Pam Meyer caught fire on Thursday afternoon. Their son was home and received minor burns on his arm. Pam is an employee at Summit Manor Nursing Home and Jeff is disabled.

If anyone has any household items, clothing, furniture, bedding, etc., to donate it would be appreciated and a benefit to the

family.

Donations may be dropped off at the Adair County Judge Executive Ann Melton’s Office, 424 Public Square.

If there are large items such as furniture, call the office at 384-4703 or email [acjudge1@duo-county.com](mailto:acjudge1@duo-county.com). The following sizes of clothing are needed by this family:

- Women’s 2x tops, 2x pants, 10.5 shoes.
- Men’s large shirts, xlarge shirts, 2x shirts, 36×30 pants, 40×32 pants, 34×32 pants, size 10 shoes, 13 shoes, 10.5 shoes.

## Sports

### Indians increase record, 6-2

The Adair County Indian football team had no problems coming back from their bye week, defeating the Edmonson County Wildcats by a score of 42-21. The win improved Adair’s record to 6-2.

Adair was led on offense by junior quarterback Jake Hixson, who accounted for four touchdowns and 321 yards of total offense.

Hixson picked up over half of his total yards through the air, throwing for 166 yards and two touchdowns on 8 of 14 passing. Hixson was also a

force on the ground, rushing for 155 yards and two touchdowns on only 13 carries.

The greatest beneficiary of Hixson’s throws was senior Emory Bishop, who hauled in five passes for 148 yards and two touchdowns.

After a disappointing 23-6 loss to Monroe County in their previous game, Adair bounced back against Edmonson to pick up their second district win of the season.

Now 2-1 in District 2 play, the Indians will play

their final district game of the season tomorrow night against the 5-3 South Warren Spartans.

With a win against the Spartans, the Indians would finish 3-1 in district play and secure at least the second-best record in the district.

Friday night’s game will also serve as Senior Night for Adair. Bishop, Derek Grant, Alex Nickerson, Will Hixson and Cody Turner are the five seniors that will be recognized.

## A Kentucky Adventure by Leigh Anne Florence Illustrated by Chris Ware

### CHAPTER FIVE

“Maybe we’ll jump out of an airplane,” I said, as we drove down Highway 15. Now that I’d zip-lined, I was a fitness expert.

“Maybe we’ll jump rope instead,” Chloe suggested.

“We’ll know soon,” Dad said, turning onto Tunnel Ridge Road. We saw a man leaning up against an Army Jeep. Dad rolled down the window. “You must be Pete.”

Pete smiled, shook Dad’s hand and said, “Follow me, folks.”

Seconds later we pulled into our destination.

“Welcome to Sheltowee Trace,” Pete said before we introduced ourselves.

“Sheltowee Trace is a 282-mile national recreation trail that runs the length of the Daniel Boone National Forest. The trail begins at Pickett State Park in Tennessee and ends near Morehead, Kentucky. Sheltowee Trace is named after Daniel Boone, who was given the name Sheltowee, which means Big Turtle, when he was adopted as the son of Chief Blackfish, the great warrior of the Shawnee tribe. The trail was dedicated on June 23, 1979, and has been used for different recreations ever since. Today, we’ll ride horses through part of Sheltowee Trace.”

My eyes grew to the size

of pancakes. Pete must have noticed.

“You afraid of horses?” he asked.

“A little. The last time I was on a horse I fell off,” I explained.

“We’ve never ridden a horse, Woody,” Chloe said as my family looked confused.

“Don’t you remember when I was riding the horse and fell off and got a goose egg on my head?” I asked.

“That was the electric horse at the grocery store, silly,” Chloe said as everyone in the group laughed. Whatever the case, it hurt!

“How is horseback riding exercise?” I asked, trying to change the subject.

Pete answered as we walked to the stable. “It’s a great cardiovascular activity. You can burn calories and develop arm and leg muscles. You’ll find new muscles too. Riding improves balance, posture and clears the mind.”

“You’ll each ride your own horse,” Pete told us as he pulled each horse from its stall. “Rule one, don’t stand behind the horse, or there’s a good chance you’ll be kicked. Rule two, stay calm and quiet. Movement and noise can spook the horse and make him jump, buck or run. And you must wear a helmet.”

“Why a helmet?” I asked,

confused because we weren’t riding a motorcycle.

“To keep you safe in case you fall off, though I don’t anticipate that happening,” Pete said.

I was learning we always had to have safety equipment – a leash for walking, a harness for zip-lining, a helmet for horseback riding. Once Pete had each horse groomed, saddled and ready, he said, “Now I’ll teach you how to mount – or get on – the horse.”

We watched as Pete demonstrated.

Chloe was the first to mount her horse, Butterfly. Although Pete had to give her a boost, she did great. She looked like a real cowgirl. It was my turn next.

Concentrating, I did exactly like Pete said. I almost made it on my horse, Chester, but couldn’t get my leg over. I tried again and almost made it. Then I hit the ground again. I went up and down so much I looked like a yo-yo. Finally, I was sitting on top of Chester.

“Good job, Woody,” everyone said, cheering, the

same as we did for Chloe.

As we rode along the Red River in the heart of the Daniel Boone National Forest, Pete pointed out many things. “When Boone was searching for a route from Virginia to Kentucky, he made several explorations. The land he discovered is now known as the Daniel Boone National Forest. Today many of the creeks, streams and landmarks still have the names given to them by Boone.”

Pete pointed to flowers I’d never hear of – like yellow lady-slipper and

Jacob’s ladder. While everyone looked at the flowers, I spotted an animal with large antlers. Not wanting to spook any of the horses, I held Chester’s reins with my left paw and grabbed the camera in my saddlebag with my right paw.

I was quiet and careful, yet as I opened the bag I heard a loud thump, and my entire world went dark.

**Stay tuned next week for chapter 6.**

## A KENTUCKY ADVENTURE CHAPTER FIVE ACTIVITIES

### QUESTIONS

1. Pete tells the pups that horseback riding is a great cardiovascular activity. Using the dictionary, define cardiovascular.

2. Use the computer. Use this link and find on the map where Woody is exploring in this chapter. <http://kygeonet.ky.gov/kyadventure/>

3. The pups learned that Sheltowee Trace was dedicated June 23, 1979. How many years before you were born did that occur? What does Sheltowee mean?

4. The pups also learned that Sheltowee Trace begins in Tennessee and ends near Morehead, KY. Locate Morehead, KY on a map. Where in the state is Morehead located? What county? Are there any colleges or universities in the city? If so, what is the name of the college or university?

5. Search the Classified section of the newspaper and see if any horses are for sale. If so, how many? What is

the highest price horse and the lowest price horse? Calculate the difference.

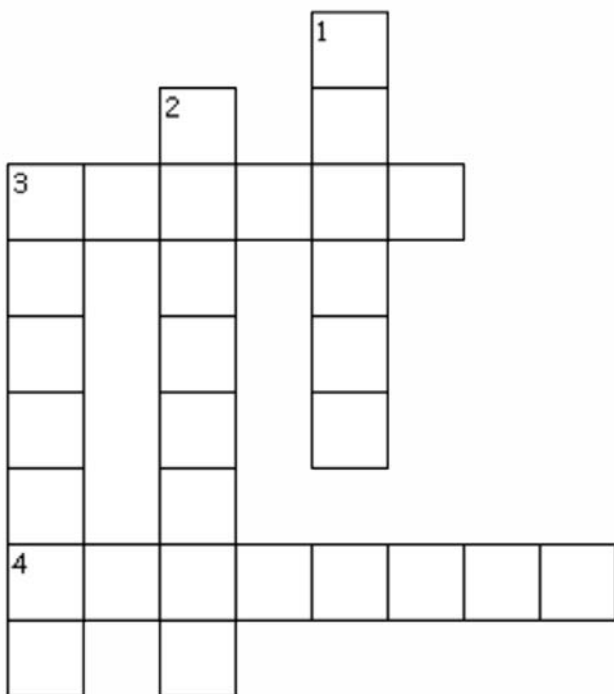

6. While you’re searching the Classifieds, see if anyone offers horseback riding lessons in your area. Draw a picture of the horse you would like to ride.

7. Use the computer. Find out more about horseback riding in Kentucky: [http://www.kentucky-tourism.com/outdoor\\_adventure/horseback\\_riding.aspx](http://www.kentucky-tourism.com/outdoor_adventure/horseback_riding.aspx)

8. Make your own book. Don’t forget to cut out Chapter 5 and paste it in your scrapbook.

9. Look at the illustration in today’s chapter. Write a paragraph about what you see. Read it aloud to someone.

10. Hear Woody read every Unleashed chapter. Just visit Woody’s online doghouse at [www.thewoody-books.com](http://www.thewoody-books.com) or go to [www.kypress.com](http://www.kypress.com).

PART 2: ELECTION SERIES

*This will be a four-part series of prompts based on the upcoming election.*

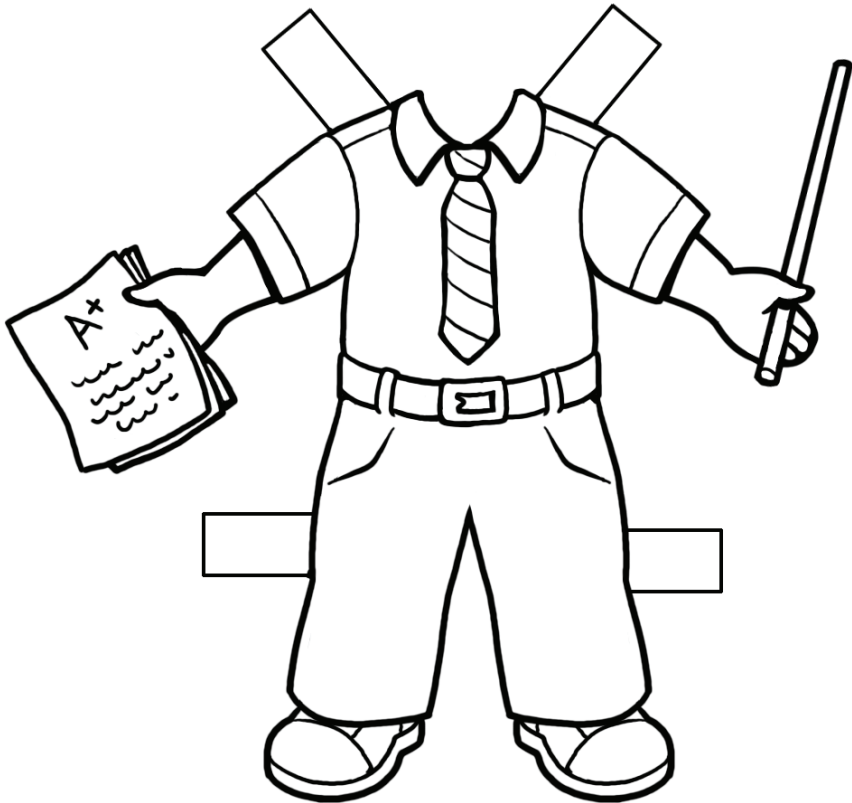

On Nov. 6, voters across the country will choose the next president of the United States. Giving effective speeches during a campaign is important. In part one of this series you pre-wrote a campaign speech as if you were running for president of the student council. You got into groups of four and discussed a platform for a campaign. You discussed important issues and chose topics that the group believed were important to the school. You wrote the speech as a group.

This week your group will choose a speaker to represent the entire group. Each group will take turns giving their speech. After each speech, students in the audience can ask questions. Students need to take notes on each speech because part three of the series will include a more in-depth debate.

Next week will be part three of the series. Each spokesman will debate on the issues brought up in the speeches.

LATITUDE AND LONGITUDE IN KENTUCKY

Latitude and Longitude are lines that criss-cross around the globe. We use the points where they intersect to define locations. Latitude lines run East to West. There are 180 degrees in the Northern hemisphere and 180 in the Southern. Longitude lines run North to South, there are 180 degrees of longitude in the Eastern hemisphere and 180 degrees in the Western. Each degree is broken up into 60 minutes. The degrees of longitude and latitude in the Northern and Western hemispheres are shown on the map. Estimate the location in degrees and minutes of each place listed. For instance, Middlesboro is about 36 degrees and 20 minutes latitude and 83 degrees and 45 minutes longitude, which is 36°,40' N and 83°,45' W

QUESTIONS

1. What is the approximate location of Middlesboro? - 36°,40' N and 83°,45' W
2. What is the approximate location of Frankfort?
3. What is the approximate location of Louisville?
4. What is the approximate location of Bowling Green?
5. What is the approximate latitude of Kentucky's southernmost border?

# ELECTION 2012

See list of questions on page 6

**RONALD P  
“BUTCH” ROGERS**  
Candidate for City Council

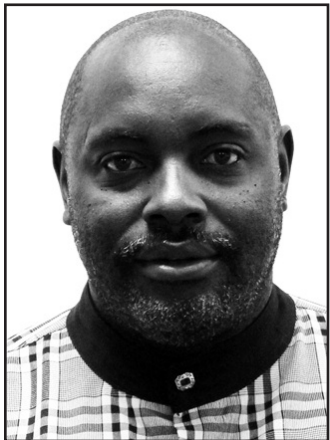

I am Dr. Ronald “Butch” Rogers and I am a candidate for Columbia city council. I have been married for 40 years to Gayle Gilpin Rogers and we have two sons. Dr. Adam Rogers and his wife Lauren Glasgow, Matthew Rogers and his wife Leslie Bennett. Matt and Leslie have one son Bryant and another son “any day now.” His name is Hudson.

My education includes Adair County High School, AA degree from Lindsey Wilson Jr. College; BS degree Western Kentucky University; masters courses at Western Kentucky University; DC degree from Logan College of Chiropractic. My work history includes teaching school for three years at

LaRue County School System and worked as a chiropractor for 37 years in Columbia.

My priorities are the following: To provide the most services to the citizens of Columbia with the least government restrictions. Help keep the jobs we have now by providing the same incentives to the existing employers as we would offer to prospective employers. Continue updating our infrastructure in anticipation of growth in both residential and industry.

I am a candidate for one of the six seats on the city council and I am not running against one person. I am a lifelong resident of Columbia. I have been and continue to be active in athletics in the Adair County School System. I have served 11 years as a member of Columbia City Council. I have served as a board member of the Columbia Utilities Commission. I have served two terms as president of Columbia/Adair County Chamber of Commerce and I am a current member of the Chamber Board of Directors. I have served as state president of the Kentucky Association of Chiropractors. I would like the opportunity to add my experience to the city council again.

**CRAIG LASLEY**  
Candidate for City Council

My name is Craig Lasley and I am running for city council. I am a graduate of Adair County High School and furthered my education at St. Catherine College.

I am a family man. I have been married to my wife Lisa for 22 years and we have a son, Jordan. I am a hard working man, both of construction and a farmer. I’m also a Christian man. I’m faithful to my church as the treasurer of First Baptist Church in Columbia.

Since I have lived in Columbia, all of my life, I

see the need for change. I see the need for advancement. I see the need for resolution. I started my working career at Osh’ Kosh B’Gosh and stayed with it until it moved to Honduras. I’ve listened to many reasons why businesses don’t come to Columbia. Sewage systems, extracurricular activities and fine dining prevent Columbia from being the flourishing city it should. Especially with the growth of Lindsey Wilson College, we have the means to educate in our city, but cannot supply jobs to keep our educated, technological students here to build our city.

Change should start with basics. Clean neighborhoods, drainage and sewage problems, better school systems are all necessary for change. As a member of the city council, I would like to be involved in that change. Change is good. Change is needed. Rome wasn’t built in a day, but we as Columbians can start with foundation. Choose the best, if you want success. Vote for Craig Lasley for city council.

**CRAIG DEAN**  
Candidate for City Council

My name is Craig Dean and I am running for re-election for the Columbia City Council. I have 1 son, Jackson Lyric Dean, who is 4 years old. I graduated from Adair County High in 1997 and attended Lindsey Wilson College after High School. I’ve been employed at Amazon.com for almost 12 years now.

I am involved in numer-

ous activities in the community, from Little League sports to the Downtown Days Festival. I work to help raise money for the Relay for Life and the National Alzheimer’s Association yearly. I love Columbia and the people of this community. It’s where I call home, and it’s where I want to stay. So that keeps me focused and always asking myself “What can I do to make it a better place to live?”

If re-elected, I plan to continue to push Columbia forward. We’ve made huge steps over the past 8 years of my service, and continue to do so moving forward. I will continue to work toward a better park system in the community.

I want to continue to bridge the gap between LWC and our community. Getting more community involvement with Lindsey Wilson activities, and more

Lindsey students involved in helping our community.

With the economy nationwide in dire straits right now, I want to continue to look at ways to generate funds for the city, and cut current costs to help increase revenue so that we as a city aren’t forced to cut any services within our city.

I want to make sure we are spending each hard earned tax dollar on things that the entire community can benefit from, looking at the big picture, and not just certain groups. I want to help TRY to attract new businesses to relocate here, while taking care of our privately owned small businesses. Because these small ‘LOCAL’ businesses are the charm of this town.

I’ve proudly served on your City Council for eight years and I’m coming to you now to ask for two

more. I hope to continue to serve as one of the voices of the community for years to come. I like to use a common sense approach. Looking at the grand scheme of things, asking questions and making the most informed decisions, before diving in. I think we’ve made tremendous strides forward over the past few years and want to continue doing so. Columbia is not going to be a metropolis, and we aren’t looking to make it a big city.

We need to focus on what we have, building that up, and making this an attractive place for businesses, retirees, visitors, etc. to want to re-locate. I humbly ask for your vote, to re-elect Craig Dean for City Council on Election Day.

See pages 2 and 6 for other candidates.

**Dear Valued Prescription Shoppe and Columbia Pharmacy Customers,**

CVS Pharmacy has acquired **Prescription Shoppe and Columbia Pharmacy** files effective Friday, Oct. 12, 2012.

We would like to take this opportunity to invite you to shop with us. We would love to have your business! The team at CVS will go the extra mile to ensure that you are a **satisfied customer**.

We can offer you prescription service with NO INTERRUPTION. We have four full time pharmacists and four nationally certified technicians. You have the added benefit of a 2-lane drive-thru at CVS. We also offer convenient hours to shop in both the store and pharmacy.

Once again, we ask you to give the team at CVS Pharmacy the opportunity to serve you. **Come try CVS, you'll be glad you did!**

Sincerely,  
Claudia Dampier  
Store Manager
